ICC JEJU CONVENTION CENTER, TAMNA HALL B+C (5F), JEJU ISLAND, KOREA

05th - 11th NOVEMBER 2019

05TH NOV - 11TH NOV, 2019, JEJU ISLAND, SOUTH KOREA

To,
The Members,
World Bodybuilding and Physique Sports Federation.

Subject: 11th World Bodybuilding and Physique Sports Championship and Annual Congress.

Dear Members,

We on behalf of the organizers would like to inform you, that the 11th World Bodybuilding and Physique Sports Championship and Annual Congress will now be held on Jeju Island, South Korea between 5th – 11th November, 2019. It will be organized by WBPF/ABBF KOREA under the new administration of Mr. Chris Yun (President).

The details for the Championship are stated below:

- The Championship will be held at ICC Jeju Convention Centre.
- The registration will be held at the SweetMay Jeju Hotel for all.
- The organizers shall host the athletes, officials and supporters in one of two hotels, the SweetMay Jeju Hotel or the Value Hotel. Both hotels are within a three-minute walking distance of each other.
- The airport nearest to the event destination is Jeju Airport. The hotels are an hour away from the airport by bus.
- Bus service will be made available for the teams to travel from the airport to the hotel if travel itinerary is informed in advance. Buses will also run from the hotels to the Convention Centre and back, free of charge.
- Provisions have been made for meals at the respective hotels and lunch at the Convention during the Championship.

We urge all the member nations to send their preliminary/ final entry forms before the deadline mentioned in the respective forms which will enable organizers to make the necessary arrangements.

The organizers have extended a humble apology for the delay in arrangements. We would like to express our gratitude to all the members for their timely support, co-operation and due participation despite the short hiatus in organization.

Thanks, and regards.

Yours sincerely,

Chetan Pathare

Secretary-General - WBPF

ABOUT JEJU

Jeju province encompasses the South Korean island of Jeju in the Korea Strait. It's known for its beach resorts and volcanic landscape of craters and cavelike lava tubes. Hallasan Mountain, a dormant volcano, features hiking trails, a crater lake at the 1,950m summit and nearby Gwaneumsa Temple. The Geomunoreum Lava Tube System includes 7km-long Manjanggul Cave, created centuries ago when Hallasan was still active.
